

# **BASSETT CONSTRUCTION CO.**

## **COMPANY OVERVIEW**

### ***Our Mission***

**Bassett Construction takes pride in constructing top-notch structures that are high quality at an economical price. We are dedicated to our company's mission and philosophy "To provide Pueblo and Southern Colorado with construction experience that will leave a lasting impression."**

### ***Who We Are***

**Bassett Construction is a general contractor specializing in contracting that includes but is not limited to schools, churches, hospitals, industrial and commercial projects. With its base of operation located in Pueblo, Bassett offers a wide-range of knowledge in the Colorado market. View our FACTS SHEET that is printable from your browser.**

### ***What We Do***

**Bassett Construction builds new buildings, extensive remodel construction, and major tenant finish work for a wide variety of clients. Our clients include large national corporations, multiple school districts, and many local hospitals from around Southern Colorado as well as, many small businesses and individuals. Our COMPLETED PROJECTS also includes a wide range of work including buildings with complex building systems such as wind tunnels, manufacturing rooms, gymnasiums, and swimming pool complexes.**

**Take some time and look over our projects and gain an appreciation for what we have done and imagine what Bassett Construction can do for you.**

### ***Services Provided***

**Bassett Construction offers a wide Varsity of CONSTRUCTION SERVICES to meet just about any individual or business needs and wants. Our services are provided through multiple types of contractual arrangements including lump-sum contracts or cost work with guaranteed maximum price contracts. Every contract and service that is provided is customized to meet needs of the owner.**

### ***Our most Valuable Asset...Our Staff***

**Bassett's most valuable asset offered is our thoroughly trained and experienced staff.**

**Bassett is an open shop contractor, who takes great satisfaction in training our staff to be team players with a strong emphasis on safety. We take pride in being an active field contractor by performing much of the work with our own labor force. We typically perform concrete work, carpentry work, miscellaneous steel, millwork, doors, frames and building specialties on each project. By Bassett being field active, it assures control over costs, scheduling and most importantly quality.**
